# 梁日洪作品展 疊喋不休

年屆古稀，日洪的創作力卻越見旺盛。心境年輕，對事物依然充滿好奇。雖然個性腼腆，但日洪很喜歡與人溝通對話。繪畫和對話，皆是日洪所愛。兩者間也流露著微妙的關聯。因此，是次展覽，除了展出日洪近年作品外，亦特別安排多個時段，讓日洪親身在現場與觀者對話，並且共同創作，一起穿梭話語與圖像世界。

## LEONG lat-hong's Artworks

### Non-stop Stacking and Chattering

Approaching 70 years in his age, lat-hong's creativity goes stronger and stronger. Being young in heart, he is full of curiosity. Despite his shyness, he likes to talk with other people. Painting and chatting both are his favorites. And these two have a subtle relationship between themselves. Thus, in this exhibition, in addition to displaying the recent artworks of lat-hong, there will also be a number of specially arranged sessions for lat-hong to meet with the visitors on site, so both can do creation together as well as shuttle together between dialogues and world of images.
